

I happy to play a part where I can within the wonderful community of Painswick.

I have spent the last 20 years in Hospitality & Leisure Industry from owning pubs, restaurants and managing Leisure Clubs. Currently I am UK business Development Manager for IS Clinical and enjoy teaching Bootcamp classes and running courses locally in Gloucestershire.

Currently training in Sports Massage, Food Allergy testing and want to develop in business coaching.

I have a great passion for Rugby (and most sports) and I have been organising contrived events at Hucclecote RFC for the past 5 years from Cider & Sausages festivals, Charity club matches, New Years Eve Parties etc

Here is a few blasts from past regarding my time as Bath Road Traders Chairman, Leckhampton Cheltenham
