

Dementia Evening

Painswick Town Hall

Tuesday 12 July at 7.30pm

In conjunction with Painswick Parish Council, **Lilian Faithfull Homes** will be giving a talk on Dementia.

“It can be really difficult when we, or someone we love, start to develop difficulties with memory. Often this can go for a long time without being addressed, but in our extensive experience in this area, early intervention is the key to a much better quality of life”

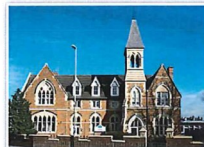

Please come and join us for coffee, cake and the opportunity to gain an understanding of what the 7 stages of Dementia are, whether you care for a loved one or simply deal with members of the community who are facing the early signs of dementia.
