

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

INTRODUCTION

Painswick Parish Council Traffic Committee oversees all traffic-based issues and concerns within the Parish boundary, including those originating in the surrounding road network.

Key areas of concern are:

- Speeding, including enforcement and signing.
- Infrastructure condition, specifically road surface, road markings and drainage.
- Parking, including provision, enforcement and signing and maintaining access for emergency services.

Traffic Committee: Abigail Smith (Chair), Rosie Nash, Roey Parker and Martin Slinger. Adrian Gyde is co-opted.

This Action Plan is approved and owned by the Traffic Committee. Its implementation is assisted by the Community Speed Watch Group and other volunteers. Any spend will require approval by full Council.

Application of the Action Plan:

- At each 6-monthly Traffic Committee, the Action Plan will be reviewed and the actions contained therein will be approved for implementation by delegated individuals.
- Between Traffic Committee meetings, any actions previously agreed as requiring full Council approval shall be presented by the Chair of Traffic to the next appropriate full Council meeting, without the need to return to the Traffic Committee before doing so.

USEFUL POINTS OF CONTACT:

- **Police Contacts:** PCSO Debbie Campbell (Community Speed Watch)
- **Glos Road Safety Hub:** via GCC Website
- **Gloucestershire Highways:** Scott Tomkins (Lead Commissioner); Harriett Osburn (Area Manager)

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

ACTION PLAN

	INITIATIVE TITLE	AIM ▪ General Notes	ACTIONS	TARGET DATE (LEAD)
1.	Speed Matters	<p>To build a case for further speed checks and enforcement within 20 and 30mph zones.</p> <ul style="list-style-type: none"> ▪ A Traffic Regulation Order is in place for the Painswick 20mph zone. ▪ <i>Update from Police:</i> as long as a Traffic Regulation Order is in place the limit can be enforced, but resources to carry out enforcement are limited. ▪ All Speed Watch data to be provided to Road Safety Hub (complete to Nov 16). ▪ Permanent VAS installed by Westcotec in January 2016, including data collection devices. Software to access and download data installed on Parish Council laptop. ▪ Mobile VAS available for community use (not since Nov 16 due to lack of volunteer availability). 	<p>Community Speed Watch – 15 volunteers trained in October 2014 have undertaken 3 Speed Watch weeks per year, with collected registrations numbers provided to the Police.</p> <ul style="list-style-type: none"> ➤ Having been postponed since autumn 2018 due to faulty equipment, new equipment arrived in the summer and we undertook a speed watch week in October, with 117 registration recorded. ➤ No speed watch weeks in 2020 due to Covid-19 restrictions. <p>Permanent VAS and data measurement units (speed and flow):</p> <ul style="list-style-type: none"> ➤ Data downloaded in Sept 2016 suggested general day time speeds were under ACPO (35mph). Southern Unit - 85th Percentile reduced to ~33mph (compared to >35mph); Northern Unit – 85th Percentile remained at 35mph (compared to 35.9mph). ➤ Agreed to move the Southern Unit to south of the Richmond junction although still recording traffic coming into Painswick. This is in part in response to concerns raised by residents at Cotswold Mead but also to encourage speed reduction at an earlier point after entering the 30mph zone (closer to Cotswold Mead, Richmond and Broadham). £90 to support this was approved. • This has been moved twice to the wrong location. Dan Tiffney is now unwilling to move it again and considers the current location to be adequate. Pick up in Spring 	<p>Spring 21 (Abigail)</p>

			<p>2021.</p> <ul style="list-style-type: none"> ➤ Data download to be undertaken in current locations now a relocation of the Southern unit is unlikely. Plan for early 2021. <p>Speed gateway signing:</p> <ul style="list-style-type: none"> ➤ B4073 30mph and 20mph gateways were improved during recent resurfacing works. ➤ Additional 20mph Road Safety signs proposed <ul style="list-style-type: none"> - n/b – Lamp post at bottom of Pullens Road; No Loading sign outside Goddards; School sign opposite Stamages Lane. - s/b – top of Lower Washwell on TIC sign, on School sign by bus shelter. Existing signs to be replaced – Gyde Road triangle 20mph, and Stamages Lane mandatory 20mph. Road Safety Hub contacted. <ul style="list-style-type: none"> • Dan approved and signs can be erected. And replace existing signs. • Existing signs replace. Put up new signs, one by one in Spring 2021. ➤ Golf Course Road / Elcombe – request for 20's plenty signs rejected due to differential between 20mph and current speed limit (60mph). Mixed use sign or pedestrians in road sign proposed. <ul style="list-style-type: none"> • Dan rejected this idea but NMU signs (equestrians and cyclists erected). No additional signs available. CLOSE <p>Stroud District Super TRO (40mph) Brought to our attention by Johnathan Nunn. Following locations were proposed by PPC for inclusion in this:</p> <ul style="list-style-type: none"> • Slad Road 400m around Vatch turning. Include request for barrier for footpath MPA/50/1 (for 	<p>Spring 21 (Irena/Jaimie)</p> <p>Spring (George)</p>
--	--	--	---	---

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

			<p>20mph)</p> <ul style="list-style-type: none"> • Catswood Lane (20mph) • Golf Course Road (20mph) <p>This initiative has ceased and the District-wide Super TRO is not being pursued. CLOSE</p> <p>Police Enforcement:</p> <ul style="list-style-type: none"> • Neighbourhood Team undertook an enforcement exercise in July which included a speeding ticket for a motorist exceeding 35mph within the 20mph zone. We are extremely grateful for this action and look forward to future enforcement activities within Painswick. • Enforcement activity to be requested in 2021 • Meeting/Correspondence with David Drew MP – John Sidwell has supported PPC to drive this to ask his assistance to support our lobbying of Martin Surl. <ul style="list-style-type: none"> ➤ He has suggested getting in touch with Charles Pedrick who he considers to be the local guru. ➤ Contact Charles about ANPR cameras, including costs. <p>Community Measures:</p> <ul style="list-style-type: none"> • Community Pace Car Pledge continues to be available to sign in Clerk’s Office. • Scarecrows – latest road safety research promotes increased ambiguity of roads to reduce speeds. <ul style="list-style-type: none"> ➤ Whilst supported by GCC, time is not currently available to pull this together. CLOSE. ➤ Father Christmas speed sign used in December – good initiative, need to find more robust signs that are more weather proof. Cost of other weatherproof signs has been confirmed as ~£300, which makes this unviable at present. Father Christmas erected for Christmas period. To be repeated this year. Check if still 	<p>Ongoing (Abigail)</p> <p>Ongoing (Irena)</p>
--	--	--	---	---

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

			<p>functional and if so ask George to put up this year.</p> <p>Mobile VAS available for community volunteers.</p> <p>Traffic Calming Measures Scheme:</p> <ul style="list-style-type: none"> Public consultation carried out in March 2018 asking about support for physical traffic calming within the 20mph zone. 25% of those on electoral register responded. All properties along the A46 and B4173 within the 20mph were door-knocked to ensure those of greatest impact were aware of the consultation and could respond. <ul style="list-style-type: none"> ➤ Result - 52: 48 for:against. This was not considered strong enough support a full scheme (especially because New Street and Gloucester Street showed a 50:50 split). <ul style="list-style-type: none"> • 19:5 along Cheltenham Road were for traffic calming and towards this GCC were happy to support a previously designed pedestrian crossing island. However, the cost of this (~£35k) proved to be prohibitive. 	Ongoing (Irena/George)
2.	Parking Provision	<p>To review current parking provision, including associated signing.</p> <ul style="list-style-type: none"> KwikMedia Visitor survey (Summer 14)- parking is considered problematic, with most staying <1hr. Proposed improvement in current parking signing complete (raise height of existing sign opposite Three Gables; add new sign to back of existing sign for southbound signage to Stamages Lane Car Park). Additional double yellow lines have been considered on several occasions but rejected due to cost and concerns from residents. 	<ul style="list-style-type: none"> Electric vehicles charging points will potentially provide challenges in the future. The GCC pilot and Stroud District initiatives continue to be monitored with a view to potentially installing in Stamages Lane car park. <ul style="list-style-type: none"> ➤ Update required from Keith. Various parking concerns around the village are raised with Neighbourhood Wardens when received to keep an eye and speak with drivers if appropriate. <ul style="list-style-type: none"> ➤ Request Neighbourhood warden to watch out for parking along the A46 outside Three Gables. 	Ongoing (Keith)
				Ongoing (Irena)

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

3.	Planned Works	<p>To monitor planned works being completed by GCC.</p> <ul style="list-style-type: none"> Major works completed: A4173 Pitchcombe to Whaddon (Spring 2018); A46 Salmon Spring to Wragg Castle (late Spring 2018); A46 Wragg Castle to Gyde Barn (Summer 2018). 	<ul style="list-style-type: none"> B4073 Pullens Roads – completed. Canton Acre and Upper Washwell completed. CLOSE Greenhouse Lane –requires full resurfacing, not in current programme due to focus on A & B roads. COMPLETE. Programme and approach to Pothole repairs continues as before, with 24hr, 2 day and 28 day repairs dependent on severity of defect. <ul style="list-style-type: none"> All to continue reporting potholes via GCC website. Pitchcombe Junction improvement – Underway, after initial problems with the traffic management, it now seems to be working effectively with the welcome addition of traffic camera and emergency contact signage. CLOSE Non A/B roads or those that are not fixed can be reported for review and repair in a few years (start now to seek funding). Provide to Keith. ONGOING – refer to High Priority issues under Miscellaneous below. <ul style="list-style-type: none"> Include: Jenkins Lane for resurfacing. Updated on repair programme. Regular works emails provided to PPC and circulated as required. CLOSE 	Ongoing (Keith)
4.	Miscellaneous Issue: Highway Signage	<p>To ensure all highway signage is effective.</p> <p>Potential Safer Route to School from Stamages Lane Car Park parked in autumn 2018 due to proposed route via Hollyhock Lane likely to be too long to be widely used.</p> <p>GCC-funded speed camera signs erected on A46</p>	<ul style="list-style-type: none"> Highways Signs and White-lining Review complete: lining improvement complete in 2015; additional lining improvement completed as part of 2018 resurfacing schemes. Other Safety Signing Improvement Project will require Match Funding. Highways Signs and White-lining review to be undertaken. ON HOLD DURING 2020 include: 	Ongoing

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

		(north and south) and B4073 once Broadhams designated as police speed enforcement site.	<ul style="list-style-type: none"> ➤ No give way lining at Kemps Lane or at top of Tibbiwell Lane. ➤ Hatching opposite Kemps Lane. ➤ No Entry sign at bottom of Bisley Street. ➤ Greenhouse Lane and Yolthouse Lane. Tibbiwell. <ul style="list-style-type: none"> • Review of pedestrian signage. Identify proposed improvements and potential budgets etc. <ul style="list-style-type: none"> ➤ This is now with Lands and Buildings. • Community Sign Clearance initiative - excellent standard achieved in 2014, 2015, 2016 and 2017. For 2018 and going forward, PPC apprentice will undertake clearance; David Allott will use his experience to input priority locations but will not undertake works. 	(Adrian)
5.	Miscellaneous Issue: Emergency Service Access	<p>To ensure adequate emergency services access to all areas within the parish</p> <ul style="list-style-type: none"> ▪ Note: Police can be called to assist if fire service access is restricted. ▪ <i>Emergency Services Access Signs</i>: currently in Vicarage Street, these can be moved to alternative locations if needed. 	<ul style="list-style-type: none"> • 4 Emergency Services Access sign purchased and erected along Vicarage Street – they have moveable fixings so can be moved as necessary. • Parking leaflets available in Clerk’s Office for use by Neighbourhood Wardens if requested. • Vicarage Lane – needs review of parking regarding access to Emergency Services. <ul style="list-style-type: none"> ➤ Visit by Neighbourhood Warden with prepared leaflets as needed. ➤ Contact Fire Service to request visit with Fire Engine. Several drive arounds completed; no issues reported. COMPLETE. ➤ Rosie is regularly using leaflets to put on parked cars blocking emergency service access. 	
8.	Miscellaneous Issues: Other		<p>High Priority: <u>Steanbridge Lane, Slad</u> – damaged verges and overgrown hedges</p>	Ongoing (Harriet)

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

			<p>➤ With GCC who are monitoring works completed by landowners and writing to the owners of hedgerow. Also liaising with contractor who is currently working on a property along there.</p> <p><u>Sheepscombe spring</u> – ongoing road degradation</p> <p>➤ Permanent fix still not in place. Recent investigation identifies the presence of the spring and the lack of a pipe to drain it into the adjacent stream which is considered the root cause of this longstanding issue.</p> <p>➤ Nearby blocked pipe taking spring from field across the road. George to have a look.</p> <p>Medium Priority: <u>Gloucester Street Drains</u> – blocked</p> <p>➤ A ticket has been raised to hand dig these, along with Bisley St/St Mary’s Street (which have been ongoing issues for at least a year). COMPLETE.</p> <p><u>Slad Road from Slad to Stroud</u> – remove national speed limit to make whole stretch 30mph.</p> <p>➤ Quotes for traffic surveys requested from GCC.</p> <p>Ongoing issues:</p> <ul style="list-style-type: none"> • B4073 Junction Warning Signs for Madams Wood and Sevenleaze to be considered by GCC – audit has confirmed that 8 current warning signs are valid; ticket raised to add crossroads sign, and includes discrepancy on sign to Painswick Beacon on A46 - states Catsbrain Quarry n/b; Painswick Beacon s/b TO CHECK IF COMPLETED. • Drainage – Ongoing monitoring and reporting of issues. 	<p>Ongoing (Harriet)</p> <p>Ongoing (George)</p> <p>Ongoing (Harriet)</p> <p>Ongoing (Harriett)</p>
--	--	--	---	---

PAINSWICK PARISH COUNCIL – TRAFFIC COMMITTEE – ACTION PLAN

			<ul style="list-style-type: none"> ➤ Almshouses Gully – goes to its own soakaway, which are cleaned as part of routine cleansing, but may need to be dug out which will require specific ticket. OUTSTANDING ➤ Tibbiwell Gully – cleared during the summer. CLOSE ➤ A46 Carrwold Cottage – blocked gully, floods road. CLOSE. ➤ Sheepscombe church, near the junction – blocked drain, water collects and presents a skid risk. OUTSTANDING. ➤ Edge village – centre drains blocked and require clearing. • Following issues to be report to GCC: <ul style="list-style-type: none"> ➤ Visibility issue on exit from Catbrain quarry turning onto B4073. CLOSE ➤ Longridge / Beech Lane junction – needs “Unsuitable for Heavy Vehicles”. Reported to GCC. OUTSTANDING • Cockshoot Corner, Sheepscombe – needs cheveron warning sign. OUTSTANDING. • Sign advising switching off engines whilst waiting for the lights. CLOSE. • White lining on edge of carriageway to discourage parking in Slad. Response received from Dan to be provided to resident. CLOSE. 	<p>Ongoing (Harriett)</p> <p>Ongoing (Harriett)</p>
